

imagination creates reality

BARRISOL

Stretch Ceilings from France

Celebrated as a world leader of stretch ceilings, Barrisol offers infinite design possibilities for architects, designers and artists seeking to transmute their reverie into reality! Known for its durability, environment friendliness, design freedom, easy installation and reputation, Barrisol is preferred by top design moguls globally!

Barrisol technical ceilings are used to enhance the decor of several spaces. Stylish and completely adaptable to any interior, Barrisol's wide variety of potential applications is further increased by the ability to print directly on the sheets thanks to the printing in high definitions (1080 dpi up to 5 m) and in millions of colours.

At 200 g/m2, turn marble, concrete, rock, wood and such into flexible and lightweight sheets. Given its acoustics and luminous properties, the exotic range of prints can be adapted to all shapes.

printed walls & Ceilings

Light weight ceilings with a freedom of creation

Thanks to Barrisol's partnership with national & regional museums nearly 750,000 works of art from France's, such as the Louvre and Musée d'Orsay, can now be reproduced to embellish even your most extravagant decorating projects.

Easily Recycled sheets with 100% recyclable membranes and profiles

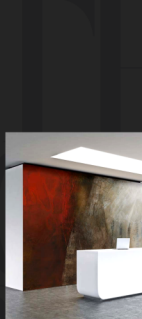

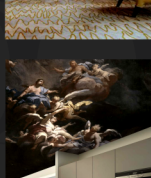

Give free flight to your imagination whether you are opting for a vast centerpiece or a revisited classic.

Membranes remountable and removable at will

Possibility of integrating lighting, heating, air conditioning and sound systems

A step closer to fantasy.

**barrisol
sheet**

**The only
limitation
is your
imagination**
