retail
resple-
ndence.

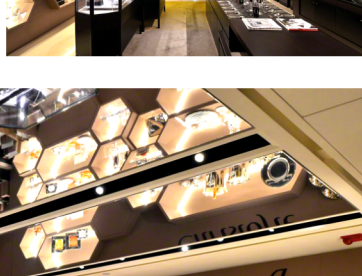

Sometimes uniting all
our passions to possess
a much-adored creation
is the best gift we could
give ourselves.

As though having a will
of their own, creations-
from intricate jewellery
to an artistic masterpiece
or from divine cutlery
to a striking accessory,
entail to be possessed.

BARRISOL

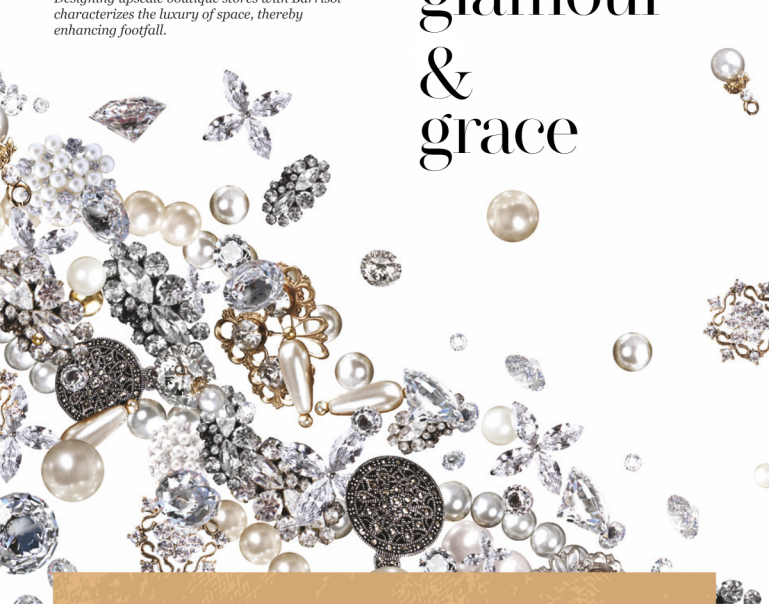

EXPERIENTIAL CEILINGS
from FRANCE

Offering an effortless setting juxtaposed of
the yearning and the sublime, bountiful Barrisol
ceilings become the focal point of retail spaces
by stringing together dialogues between one's
deep desires and mind.

Designing upscale boutique stores with Barrisol
characterizes the luxury of space, thereby
enhancing footfall.
